

Come join in the life at

Agape is a lay Catholic Community, interfaith in practice and outreach. Located on 34 acres of wooded land, we are contemplatives in action, committed to embodying sustainability and nonviolence.

Join us in cultivating Agape's homestead on indigenous Nipmuc land. Our life of work and prayer includes the following:

- **Cutting, stacking and hauling wood for the coming winter. We heat our community by wood stoves.**
- **Working on the land including seeding, planting and harvesting our large garden which feeds the community.**
- **Helping to plan events and programs, including our annual Francis Day, a regional interfaith gathering of peacemakers.**
- **Working in the office, which is the heartbeat of our community, involves outreach to regional peace and faith groups.**
- **Leading programs for college and university retreats and rural immersions.**
- **Decrying violence in the world through public witness.**

We welcome your gifts and experiences as together we shepherd our shared vision of non-violent community!

Please contact Agape to volunteer for a day, a week, a month, or for longer term residency. **Email or call with your proposed dates and times for volunteering!**
